NEPA Main Menu

The National Environmental Policy Act of 1969 as amended (NEPA), sets the basic Federal policy for protection, maintenance, and enhancement of the human environment within the United States and its territories and possessions. NEPA requires all Federal agencies to incorporate environmental considerations into the planning of their actions.

NEPA Program/Project Listing

The program/project list identifies all of the program/projects by Center for which an Environmental Assessment (EA) or Environmental Impact Statement (EIS) is required. Based on the schedules entered by project and environmental managers, this tool will also flag program/projects where the schedule for completing required NEPA documentation prior to program/project approval is of concern.

Draft EA/EIS Date

Final EA/EIS Date

Program/Project Approved Date

User

This is a default field based on the login information.

Site

The 3- to 4-character code that identifies the NASA center that is responsible for the Program/Project.

Draft EA/EIS Date

The estimated or actual completion date of the draft Environmental Assessment (EA) or Environmental Impact Statement (EIS), whichever applies. If an EA has been completed and a Notice of Intent (NOI) to complete an EIS has been filed, this date is the estimated or actual completion date of the EIS. This date will be used to flag projects where NEPA activities are falling behind program/project activities and the schedule is of concern.

If the date is set to blue, it indicates that:

- Mission: Draft EA/EIS date is greater than the Preliminary Design Review (PDR) date, or
- Facility: Draft EA/EIS date is greater than the 30% Design Completion date, or
- Grant: Final EA/EIS date is greater than Grant Review date.

If the date is set to maroon, it indicates that:

- Mission: Draft EA/EIS date is greater than the Comprehensive Design Review (CDR) date, or
- Facility: Draft EA/EIS date is greater than the 60% or 90% Design Completion date, or
- Grant: Final EA/EIS date is greater than Grant Approval date or

Release of Funds date.

Final EA/EIS Date

The estimated or actual completion date of the final Environmental Assessment (EA) or Environmental Impact Statement (EIS), whichever applies. If an EA has been completed and a Notice of Intent (NOI) to complete an EIS has been filed, this date is the estimated or actual completion date of the EIS. This date will be used to flag projects where NEPA activities are falling behind program/project activities and the project completion date is at risk.

If the date is set to blue, it indicates that:

- Mission: Final EA/EIS date is greater than the Preliminary Design Review (PDR) date, or
- Facility: Final EA date is greater than the 30% Design Completion date, or
Final EIS date is greater than the 60% Design Completion date, or
- Grant: Final EA date is greater than Grant Review date.
Final EIS date is greater than Grant Approval date.

If the date is set to maroon, it indicates that:

- Mission: Final EA/EIS date is greater than the CDR date, or
- Facility: Final EA date is greater than the 60% or 90% Design Completion date, or
Final EIS date is greater than the 90% Design Completion date, or
- Grant: Final EA date is greater than Grant Approval or Release of Funds Date.
Final EIS date is greater than Release of Funds Date.

NEPA Program/Project Detail

The Program/Project detail screen displays information that describes the purpose, scope and status of the project as well as capturing detailed contact information.

Date/Site/User

These are default fields based on the login information.

Date - This defaults to the date the original report was created (MM/DD/YYYY).

Reporting Year

The year the program/project was first reported.

Program/Project Name

The official name of the Program/Project.

Program/Project ID

The unique identifier that the NASA center has assigned to the program/project.

Program/Project Year

The fiscal year in which the program/project was started.

Program/Project Approved Date

The date the program/project was approved. The Environmental Assessment or Environmental Impact Statement must be complete before a program/project can be approved.

Program/Project Summary

A summary of the purpose and need of the project. The PURPOSE is the objective or goal of the program/project. The NEED is the requirement that is being satisfied in pursuing the objective or goal.

NEPA Document Manager

The name of the person who is responsible for managing document preparation.

NEPA Document Manager Phone

The phone number of the person who is responsible for managing document preparation.

Program/Project Manager

The name of the person who is responsible for managing the program/project.

Program/Project Manager Phone

The phone number of the program/project manager.

Center Environmental POC

The name of the environmental management point of contact at the NASA center.

Center Environmental POC Phone

The phone number of the center environmental management point of contact.

HQ Environmental POC

The name of the environmental management point of contact at NASA Headquarters.

HQ Environmental POC Phone

The phone number of the Headquarters environmental management point of contact.

Lead Enterprise

The NASA code indicating the lead NASA enterprise responsible for the program/project.

Co-Lead Enterprise

The NASA code indicating other NASA enterprises acting as co-lead for the program/project.

Relevant Citations

An indication of the authorizing legislation, appropriation or anything beyond the NEPA regulations that might govern the environmental review of the program/project

Regulatory Type

The legislation or executive order that regulates the program/project. Valid values are NEPA (National Environmental Policy Act), EO 12114 (Environmental effects abroad of major Federal actions), and EO 12088 (Federal compliance with pollution control standards).

Special Circumstances

The category of special circumstances that applies to the program/project. Valid values are None, Classified, Exempt, or Emergency.

Action Type

The category of the NASA actions subject to NEPA regulations. Valid values are Mission (NPG 7120), Facility (NPG 8820), Grant (NPG 5800) and Other.

Key Program/Project Dates

The key dates represent the estimated or actual date of the key activities associated with a program/project. They are dependent on the action type as follows:

Mission

Non-Advocate Review (NAR)

Preliminary Design Review (PDR)

Comprehensive Design Review (CDR)

Launch

Facility

Design 30% Complete

Design 60% Complete

Design 90% Complete

Begin Construction

Grant

Grant Review

Approval

Release of Funds

Other

TBD

Action Location

The general location where the program/project activities occur. Valid values are Inside US Only, Outside US Only, or Both.

Effect Location

The general location where the effects of the program/project activities occur. Valid values are Inside US Only, Outside US Only, or Both.

Program/Project Total Cost - Estimated

The estimated total cost of the program/project including estimated NEPA costs.

Program/Project Total Cost - Actual

The actual total cost of the program/project including estimated NEPA costs.

NEPA Cost - Estimated

The estimated cost of conducting NEPA-related activities for the program/project.

NEPA Cost - Actual

The actual cost of conducting NEPA-related activities for the program/project.

Mitigation Type

The category of environmental impact(s) that will be mitigated as part of the program/project.

Mitigation Cost

The cost of mitigation activities conducted as part of the program/project. Only known costs are to be reported, e.g., cost of wetland mitigation bank credits.

Environmental Evaluation Completed

The actual date that the environmental evaluation/checklist was completed.

Record of Environmental Consideration (REC) Signed

If the program/project is determined to be exempt from NEPA regulations because a categorical exclusion (CATEX) applies, the date the Record of Environmental Consideration was signed.

Comments/Lessons Learned

General comments describing issues or constraints that may impact program/project status/costs as a whole or specific to NEPA activities. This field may also be used to record lessons learned.

EA/EIS Button

Choose the EA/EIS Button to go to the NEPA Documents page.

Litigation Button

Only Code JE users at NASA Headquarters will be able to view this button. Choose the Litigation Button to go to the NEPA Project Litigation History page.

Related Projects Button

Choose the Related Projects Button to go to the NEPA Related Projects page.

NEPA Document

The document management page captures summary information about the type of document being prepared and who is responsible for or participating in its development.

Document Type

NASA Regulatory Reference

Document Title

Lead Agency Name

Lead Cooperating Agency MOU

Action Type

Agency Name

Environmental Evaluation - Project Manager

Environmental Evaluation - Environmental Management Officer

Record of Environmental Consideration - Project Manager

Record of Environmental Consideration - Environmental Management Officer

NEPA Document - EA Exceptional

NEPA Document - EA Non-Exceptional

NEPA Document - Environmental Impact Statement

Document Type

The type of document that applies to the project. Valid values are EA Non-Exceptional, EA Exceptional, Environmental Impact Statement. If more than one document is being prepared, there will be separate records for each document and there will be multiple entries under the EA/EIS label on the program/project summary page.

NASA Regulatory Reference

The section of the Code of Federal Regulations (CFR) that applies to the document. Valid values are:

14 CFR 1216.305(a)

14 CFR 1216.305(b)

14 CFR 1216.305(c)

14 CFR 1316.305(d)

14 CFR 1316.305(e)

Document Title

The official title of the document.

Lead Agency Name

The name of the agency with primary responsibility for the document.

Lead Cooperating Agency MOU

An indicator of whether a cooperating agency Memorandum of Understanding (MOU) exists for this document. Valid values are Yes or No.

Agency Type

The type of co-lead or cooperating agency.

Valid values are:

Co-Lead

Cooperating Agency – Potential

Cooperating Agency – Invited

Cooperating Agency – Requested

Cooperating Agency – Accepted

Cooperating Agency -- Ended

Agency Name

The name of other co-lead or cooperating agency.

Environmental Evaluation - Project Manager

The date the Environmental Evaluation was signed by the Project Manager.

Environmental Evaluation - Environmental Management Officer

The date the Environmental Evaluation was signed by the Environmental Management Officer.

Record of Environmental Consideration - Project Manager

The date the Record of Environmental Consideration (REC) was signed by the Project Manager.

Record of Environmental Consideration - Environmental Management Officer

The date the Record of Environmental Consideration (REC) was signed by the Environmental Management Officer.

NEPA Document - EA Exceptional

An Exceptional Environmental Assessment is prepared when a proposed action is "exceptional". Exceptional actions include, but are not limited to the following:

- an action which is similar to one which normally requires an EIS but it is unclear that an EIS is required;
- an action requiring an EA that is national in scope or may be the subject of national environmental controversy,
- an action requiring an EA that is without precedent; and
- mitigative FONSI's.

The actual date work on the draft EA was begun.

Draft - EA Estimated Completion

The estimated completion date for the draft EA.

Draft - EA Approved/Signed

The date the Draft EA was approved/signed.

EPA Filing (Draft) - EA Approved/Signed

The date that NASA HQ EMD filed the draft document with EPA. To be filled in by NASA HQ.

EPA Filing (Draft) - EA Federal Register Citation

The volume, page, date and URL of the Federal Register Citation referring to the Draft EA.

EPA Filing (Draft) - EA EPA Rating

The ranking EPA assigned to the Draft EA.

Valid values are:

Lack of Objections – Category 1 (Adequate)

Environmental Concerns – Category 1 (Adequate)

Environmental Concerns – Category 2 (Insufficient)

Environmental Concerns – Category 3 (Inadequate)

Environmental Objections – Category 2 (Insufficient)

Environmental Objections – Category 3 (Inadequate)

Environmentally Unsatisfactory -- Category 2 (Insufficient)

Environmentally Unsatisfactory – Category 3 (Inadequate)

Final - EA Actual Start

The actual date work on the final EA was begun.

Final - EA Estimated Completion

The estimated completion date for the final EA.

Final - EA Approved/Signed

The date the Final EA was approved/signed.

EPA Filing (Final) - EA Approved/Signed

The date that NASA HQ EMD filed the final document with EPA. To be filled in by NASA HQ.

EPA Filing (Final) - EA Federal Register Citation

The volume, page, date and URL of the Federal Register Citation referring to the Final EA.

EPA Filing (Final) - EA EPA Rating

The ranking EPA assigned to the Final EA.

Valid values are:

Lack of Objections – Category 1 (Adequate)

Environmental Concerns – Category 1 (Adequate)

Environmental Concerns – Category 2 (Insufficient)

Environmental Concerns – Category 3 (Inadequate)

Environmental Objections – Category 2 (Insufficient)

Environmental Objections – Category 3 (Inadequate)

Environmentally Unsatisfactory -- Category 2 (Insufficient)

Environmentally Unsatisfactory – Category 3 (Inadequate)

FONSI - EA Approved/Signed

The date the Finding of No Significant Impact (FONSI) was approved/signed.

Notice of Availability - EA Approved/Signed

The date the Notice of Availability was approved/signed.

Comments - EA

General comments describing issues or constraints that may impact program/project status/costs as a whole or specific to NEPA activities. This field may also be used to describe lessons learned.

NEPA Document - EA Non-Exceptional

An Environmental Assessment (EA) is a brief but rigorous analysis of the environmental impact of the proposed action, the No-Action alternative, and other reasonable alternatives. Non-exceptional EAs generally address actions that are confined entirely within a Center or facility or are local in scope.

Environmentally Unsatisfactory -- Category 2 (Insufficient)

Environmentally Unsatisfactory – Category 3 (Inadequate)

Final - EA Non-Exceptional Actual Start

The actual date work on the final EA was begun.

Final - EA Non-Exceptional Estimated Completion

The estimated completion date for the final EA.

Final - EA Non-Exceptional Approved/Signed

The date the Final EA was approved/signed.

Final - EA Non-Exceptional Federal Register Citation

The volume, page, date and URL of the Federal Register Citation referring to the Final EA.

EPA Filing (Final) - EA Non-Exceptional Approved/Signed

The date that NASA HQ EMD filed the final document with EPA. To be filled in by NASA HQ.

EPA Filing (Final) - EA Non-Exceptional Federal Register Citation

The volume, page, date and URL of the Federal Register Citation referring to the Final EA.

EPA Filing (Final) - EA Non-Exceptional EPA Rating

The ranking EPA assigned to the Final EA.

Valid values are:

Lack of Objections – Category 1 (Adequate)

Environmental Concerns – Category 1 (Adequate)

Environmental Concerns – Category 2 (Insufficient)

Environmental Concerns – Category 3 (Inadequate)

Environmental Objections – Category 2 (Insufficient)

Environmental Objections – Category 3 (Inadequate)

Environmentally Unsatisfactory -- Category 2 (Insufficient)

Environmentally Unsatisfactory – Category 3 (Inadequate)

FONSI - EA Non-Exceptional Approved/Signed

The date the Finding of No Significant Impact (FONSI) was approved/signed.

FONSI - EA Non-Exceptional Federal Register Citation

The volume, page, date and URL of the Federal Register Citation referring to the FONSI.

Notice of Availability - EA Non-Exceptional Approved/Signed

The date the Notice of Availability was approved/signed.

Notice of Availability - EA Non-Exceptional Federal Register Citation

The volume, page, date and URL of the Federal Register Citation referring to the Notice of Availability.

Comments - EA Non-Exceptional

General comments describing issues or constraints that may impact program/project status/costs as a whole or specific to NEPA activities. This field may also be used to describe lessons learned.

NEPA Document - Environmental Impact Statement

An Environmental Impact Statement (EIS) is a detailed and rigorous analysis of the environmental impact of a proposed action. The purpose of an EIS is to "provide full and fair discussion of significant environmental impacts, and shall inform decision makers and the public of the reasonable alternatives which would avoid or minimize adverse impacts or enhance the quality of the human environment."

[Known Cost Impact of Delays](#)

Summary of Key Issues

A brief summary of the key issues of the litigation.

Parties

A list of the major parties in the litigation.

Status/Outcome

The status of the litigation if it is ongoing, or the outcome if the case has been settled.

Scheduled Delays

A brief description of delays resulting from the litigation.

Known Cost Impact of Delays

An estimate of the cost impact of delays in dollars.

NEPA Related Project

Related Projects is a mechanism for identifying other program/projects of a similar nature or that may have an impact on the program/project.
